OBJECTIVE

Highly motivated 4th year Computer Science student specializing in Artificial Intelligence and Machine Learning, with strong programming, Data Structures, and Algorithms skills, eager to contribute to innovative projects and learn from industry leaders through an internship opportunity.

EDUCATION

B.Tech in CSE(AI&ML), Vishnu Institute of Technology, Bhimavaram
CGPA: 9.59

2023 - 2027
AP, India

Intermediate (MPC), Aditya Junior College, Amalapuram
Percentage: 98.1%

2021 - 2023
AP, India

SKILLS

Programming Languages	Java, Python
Web Technologies	HTML, CSS
Libraries	NumPy, Pandas
Databases	MySQL
Developer Tools	Git, GitHub, Google Colab, VS Code
Academic Coursework	Data Structures, CN, OOP, DBMS

EXPERIENCE

EduSkills | AI-ML Internship | Remote

April 2025 - June 2025

- Completed a 10-week virtual internship (Apr–Jun 2025) focused on Artificial Intelligence and Machine Learning fundamentals.
- Gained hands-on experience in model development, data preprocessing, and real-world AI/ML applications using industry-oriented tools. ([View Certificate](#))

PROJECTS

Student Performance Predictor: Developed a machine learning-based web application using Python and Flask to predict student academic performance based on input features. Trained and evaluated a regression model using Scikit-learn and integrated it with the backend for real-time predictions. Implemented SQLite for data storage and designed a responsive user interface using HTML and CSS. ([Project Link](#))

Movie Explorer Web Application: Built a responsive movie search application using HTML, CSS, and JavaScript by integrating the OMDb API for real-time data retrieval. Implemented dynamic search functionality, modal-based detailed views, and a persistent Favorites system using LocalStorage. ([Live Demo](#)) ([GitHub Repository](#))

ACHIEVEMENTS & CERTIFICATIONS

- Selected in Phase 1 of the Amazon Future Engineer (AFE) Program, completed a 2-month training in Python and Artificial Intelligence, followed by an advanced 10-month Data Structures and Algorithms course in Java ([View Certificate](#)).
- TCS iON Career Edge – Young Professional Certificate — Completed industry-oriented training focused on communication skills, workplace readiness, presentation skills, and career development. ([View Certificate](#)).
- Attended NVIDIA's Fundamentals of Deep Learning Workshop, gaining foundational knowledge in deep learning concepts and neural networks. ([View Certificate](#)).
- Solved 200+ problems on Leetcode
